

PSG 400 E Pneumatic Spraying Unit with limit switch

manufacturer :
partnership

Product number:
PS5010.1

Description

Pneumatic Spraying Unit	for <u>hot chamber die casting</u> machines
Model	PSG 400 E
Drive	vertical pneumatic drive unit
Stroke	400mm
Spray system	1 spray circuit for lubricant
	1 blow circuit
Position sensor	with limit switch
Scale of delivery	including 5m connecting cable

	connector for <u>die casting</u> machine
	manual
Adapted for <u>die casting</u> machines	from 200kN to 500kN locking force
Description	
The PSG automated spraying system contributes an essential part in order to ensure constant production conditions for <u>hot chamber die casting</u> machines.	
Advantages:	
<ul style="list-style-type: none"> • Robust, <u>die casting</u> suitable construction • Highest <u>die casting</u> quality due to optimal formation of a release agent film • Operation and setting wire available machine control system • Made in Germany 	
Options:	
<ul style="list-style-type: none"> • High adjustable stativ with swivel joint • Separate spraying unit control system
